

## HISTORIC TABLE FOR GOVERNMENT

Terms of Surrender of Army of Northern Virginia Were Written on It.

## GOES TO WAR DEPARTMENT

Relic Is Owned by Mrs. Custer, Who Will Send It to the Government.

(From Our Regular Correspondent.)

WASHINGTON, D. C., March 25.—Probably the most interesting relic of the war between the States is about to come into the possession of the War Department. This is nothing more nor less than the table on which were written the terms of surrender of the Army of Northern Virginia to General Grant at Appomattox. The table has been kept stored in a fireproof building for years, but it is about to come to the War Department, and will probably occupy a place in the reception room at the Department, where are many reminders of the great struggle of 1861-65.

The table is the property of Mrs. Elizabeth B. Custer, widow of General George B. Custer, who lost his life in 1876 at the battle of Little Bighorn. On the 10th of April, 1865, the day after the surrender of General Lee, General Sheridan wrote Mrs. Custer that he was sending her the small writing table on which the articles of surrender were written. Mrs. Custer has preserved the table all these years, but she wishes to lend it to the Department, and will send with it, as its credentials, as it were, letters from Colonel Marshall, of General Lee's staff, the only Confederate officer present at the signing of the articles, and a plan of the old McLean house, with the position of the table in the room properly indicated.

Secretary Taft has written Mrs. Custer that he will be glad to accept the table as a loan, and will have it placed in the reception room at the Department, and the largest room in the State, War and Navy building. He mentions that the war museum has long been abolished, and the articles contained therein sent to the armories at Governors' Island, Watervliet and Springfield, and a few to the National Museum, in this city. Among other articles displayed in the reception room at the Department are the remains of President Lincoln on the trip from Washington to Springfield, Ill.

## GARTH'S COLT A WINNER.

Fast Charlottesville Horse Named for Senator Martin at Bennings.

Mr. William Garth, of Charlottesville, has the T. B. Martin, son of Fairbairn, one of the most promising youngsters in the South. He is named for Senator Thomas S. Martin, another Albemarle product, not only won handsomely, but actually lowered the half-mile record for the Columbia course. The friends of Senator Martin are hopeful that the brilliant victory of his colic named Garth may prove prophetic of the great senatorial race he is going to run against Governor Montague. The Montague followers report that there was no Montague in the Bennings event.

The following story sent from Washington to New York paper tells the story of a great race. Billy Garth uncovered his best Fairbairn two-year-old to-day, when he sent T. B. Martin out in the maiden race for youngsters. If it had not been for this colt, named for Senator Thomas S. Martin, because Garth, of Virginia, last fall that he intended to name his crack after him. The senator, unluckily, his crack after him. The senator, unluckily, could not get to the track to see his name, but he has always been a fan of the colt, and he can now see in the Arlington race yesterday with Billy Garth, that he was not wrong.

It was not surprising that the talent named him. Nor was it surprising when the colt lowered the half-mile record for the Columbia course by two-fifths of a second. This time marked an excellent performance, because the colt was deep and cuppy. Like Peter, T. B. Martin is a chestnut of standard proportions. He is a little longer than T. B. Martin, but he is not so heavily built. He is a Virginia senator's namesake is a smashing looker. The only fault the most exacting critics could find with him was his liberal and somewhat bizarre markings. There is a deal of white about the colt's legs. He is a good runner, and he has a fine, quick and ginger. He dances out on the track as though he was on springs, and he goes away from the barrier with the agility of a cat.

When we purchased the rights to Liquezone, the great problem was how to let the sick know its power. For years we had watched it cure diseases which medicine could not cure. We had proved that, in germ troubles, its results were almost inevitable. We were using it daily in our own homes, as a preventive of sickness, and we knew that every home should have it.

In every neighborhood, all over America, there was sickness which nothing but Liquezone could cure. There was every where suffering which Liquezone alone could stop. And thousands were told that Liquezone could save. What was the right way—the best way—to quickly let those sick ones know it?

We decided to buy the first bottle and give it free to every sick one we learned of. And we published this offer in 2,500 papers. The result is that millions know Liquezone almost as well as we do. And half the people you meet, wherever you are, know some one whom Liquezone has cured.

**We Paid \$100,000**

For the American rights to Liquezone, and the rights in other countries to its use, we paid \$100,000. We mention this fact to indicate the value of Liquezone—the value to you. Men have never before paid such a price for any discovery used in the cure of sickness.

We need not tell you that we proved Liquezone well before buying it. For years it was tested through physicians and hospitals, in every country and every climate, in every stage of every germ disease; in all the most difficult cases obtainable. With thousands of sick ones, considered incurable, we proved that it did what medicine could not do. Then, and then only, did we pay the price.

Since then we have spent nearly \$2,000,000 to make Liquezone known. We have bought the first bottle and given it free to every sick one we learned of. These people told others, and the others told others. The result is that Liquezone is now more widely employed than any medicine ever was. And no one can doubt that it is doing more for sick humanity than all the drugs in use combined.

**Kills Inside Germs.**

The greatest value of Liquezone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken into the body without doing harm. Liquezone is almost harmless in any germ disease.

Liquezone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. Yet it is not only harmless, but of wonderful benefit—better than anything else in the world for you. No one is so well that he cannot be helped by it.

The reason is that germs are vegetable, and Liquezone—like an excess of oxygen—is deadly to vegetable matter. To the human body Liquezone is exhilarating, vitalizing, purifying—the most useful, the most helpful thing possible. But to germs it is certain destruction; and these facts are true of nothing else in existence.

**Germ Diseases.**

These are the known germ diseases; all due to germs or to the poisons which germs create. These are the diseases to which medicine does not apply, for drugs cannot kill inside germs.

All that medicine can do for them is to try to kill them with poisons, acids, Nature to overcome the germs. But those results are indirect and uncertain, depending on the patient's condition. A cure is always doubtful when drugs are used, and some of these diseases medicine never cures.

Liquezone alone can destroy the cause of these troubles. It goes wherever the blood goes, so that no germ can escape it. The results are almost inevitable. Diseases which have resisted medicine for years yield at once to Liquezone. "Incurable" diseases are cured by it. In any stage of any disease in this list the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

Any physician or hospital not yet using Liquezone will be gladly supplied for a test.

## HEALTHY KIDNEYS IN OLD AGE

Maintained by the Use of **WARNER'S SAFE CURE** Unless Your Kidneys Are Healthy Your Entire System Becomes Diseased.

The following testimonial from an aged lady, near the century mark, shows the wonderful curative powers of **SAFE CURE**.

"I NEVER HAVE A PAIN." "Gentlemen: I had a great deal of backache and sickness, and a great deal of trouble was caused by the diseased condition of my kidneys and liver. As soon as my doctor found I had kidney trouble he prescribed **WARNER'S SAFE CURE**, and a few bottles completely cured me, and I feel like a woman 20 years younger. My kidneys, liver and bladder are in healthy condition, since I used **SAFE CURE**, and now I never have a pain in my back. I am 82 years old and enjoy the best of health."

Rebecca Smith, Westfield, N. J. Kidney disease, if neglected, quickly spreads and causes serious complications, such as Bright's disease, Gravel, Diabetes, Rheumatism, Rheumatic Gout, Indigestion, Urinary, Liver and Bladder troubles.

**TEST YOUR KIDNEYS.** Let some morning urine stand 24 hours. If a sediment forms or particles float about, or if it clouds, your kidneys are affected and unable to perform their work, and no time should be lost in getting a bottle of **SAFE CURE**, the only absolute cure for all these diseases. Taken in time it will cure any case, no matter of how long standing.

**WARNER'S SAFE CURE** is purely vegetable, contains no harmful drugs, is free from sediment and pleasant to take. It is prescribed and used by doctors themselves in the leading hospitals as the only perfect cure for all forms of disease of the kidneys, liver, bladder and bowels.

It cures all kidney troubles, two sizes, 50 cents and \$1 a bottle.

## ANALYSIS FREE.

If after making this test you have any doubt as to the development of the disease in your system, send a sample of your urine to the **WARNER'S SAFE CURE CO.**, Rochester, N. Y., and our doctors will analyze it and send you a report, with advice and medical directions.

## REFUSE SUBSTITUTES AND IMITATIONS.

They are worthless and very often exceedingly dangerous. For **WARNER'S SAFE CURE** will cure you.

**WARNER'S SAFE PILLS** move the bowels gently and aid a speedy cure.

## DOORS OF PAY CORPS OPEN TO APPLICANTS

Secretary of Navy Issues Important Order Making Change.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., March 25.—Secretary of the Navy Paul Morton has just issued an order which will be of interest to every citizen of the United States between the ages of twenty-one and twenty-six. The doors of the pay corps are thrown wide open, and applicants for appointment as assistant paymaster are solicited.

By this order every man of good moral character and of intelligence, between the ages of twenty-one and twenty-six, may become eligible to selection for the corps, without regard to political influence, which heretofore has been considerable to do with these appointments.

"At the present time there are thirty-four vacancies, thirty of which will be filled at this time, only this number being allowed under the law until January 1, 1906, when four more will be admitted. No restrictions whatever surround the candidate, with the exception, of course, of having a good moral character and a fair amount of sense.

To fill these thirty vacancies many applications will be received by the secretary. Out of this number the best, regardless of influence or other considerations, will be chosen and ordered up for examination. If thirty of these pass successfully the vacancies are then all filled, but if some fail, then other applications will be received, and so on until the full number is obtained.

**Dangerous Combination.** A small boy, a match and a barrel of tar caused lots of excitement near the Main Street Station yesterday morning. The combination got together in a small blaze with plenty of smoke was the result. People thought a big fire was in progress, and fire engines and things got there as quickly as possible. There was no damage, and it is likely the small boy is still running.

## FOURTH TRIAL OF CALEB POWERS SOON TO BEGIN

(By Associated Press.)

FRANKFORT, Ky., March 25.—A fourth trial of Caleb Powers for the assassination of Governor Goebel will begin in a short time, the Court of Appeals having overruled the petition of the Commonwealth for a rehearing.

Officers of Arena Chapter. Officers of the Eastern Star, No. 17, Order of the Eastern Star, were installed last Monday night at Marlborough Hall by Grand Conductress Mary B. Nesbitt, assisted by Mrs. J. B. Rice, worthy patron, John F. Mayer, Associate Matron, Mrs. H. M. Harbour, Secretary, Miss Laura McCabe, Treasurer, Mrs. Lella Bulles, Conductress, Mrs. J. A. Morris, Associate Conductress, Mrs. Clara McCurdy, Adah, Mrs. J. Hughes, Ruth, Mrs. C. J. Billups, Esther, Mrs. F. L. Johnson, Martha, Mrs. H. A. Shomo, Elma, Miss Minnie King, Warner, Mrs. B. W. Carter, Sentinel, R. T. Bibb, Chaplain, Mrs. T. N. Durvin, Organist, Mrs. B. A. Ford, The Worthy Matron, Mrs. J. B. Rice, who was elected Grand Chaplain of the Grand Chapter of Virginia. This chapter has only been installed this chapter by some of its members and by interested members of chapters in Washington, D. C.

## PRESIDENT TALKS WITH TO STUDENTS

Advices Graduates of U. S. Medical School to be Prepared for Trials of Battlefield.

## TAKES SHOT AT CONGRESS

If War Should Come and Country Not Ready National Legislature Would be Blame.

(By Associated Press.)

WASHINGTON, D. C., March 25.—President Roosevelt presented diplomas to the class of graduates of the United States Medical School at exercises held in the hall at the National Museum to-day. He addressed a large audience, and to the twenty-three newly made doctors delivered a message on the responsibilities of the service they have entered.

The family doctor was eulogized by the President in the opening of his remarks as one for whom everybody encourages the greatest intimacy and affection. He said that the family doctor is the President said, enable them to be of advantage to their "stay at home" brothers in the opportunity they have for the study of tropical diseases. The absence of proper instruments, with which to work, was mentioned by the President as a hindrance that will often hamper them in their work.

"You have a double standard of honor to uphold," said the President. "That of doctor and officer of the navy." Continuing, he said the responsibilities that rest upon the naval doctor are of the most exacting nature. In time of war, he said he was not competent to talk of their professional duties, but that he wanted to repeat that if war comes, it is almost certain to find the medical profession unprepared, and this will entail greater trials to those in the front.

"Do your best if you have nothing but a jack-knife to do it with," he declared. He said that it would not do to wait for proper materials as oftentimes only makeshifts were at hand. He said he had seen such conditions himself at San Juan, where doctors and surgeons worked hours over operating tables, with instruments not suited to the needs and with eyes that told of trials and lack of rest. It is such conditions that test the mettle of the surgeon, the President said, and this will have an active interest in the affairs of the consolidated company.

It would be foolish to shrink at the persons in charge of the government if war should come, and the nation not be found to be ready, continued the President, and he asked everyone to reflect that it would be really a lack of forethought of the national Legislature that is to blame. He added that whatever the unpreparedness, the doctors themselves could do much by self-preparation to make their work tell.
